Adverse actions include but are not limited to assessing time or attendance points and any discipline or discharge.

4. Returning to previous position: All workers who take any leave under this emergency provision will return to their previous position with the same rate of pay, hours, and schedule.

D. Working during the emergency

1. During the emergency, the Company will:

(a) provide hazard pay by increasing all workers' hourly rate by five dollars (\$5.00) an hour;

(b) make every effort to allow workers to work remotely;

(c) accommodate workers who the government advises are at higher-risk of illness, health condition or injury, including but not limited to providing them with a lower-risk assignment or, if that is not available, paid leave; and

(d) make best efforts to accommodate workers who care for family or household members affected by the emergency, including but not limited to closures of or reduced operations of schools or child or dependent care facilities. Best efforts include but are not limited to changing schedules, or temporarily transferring workers to stores or facilities closer to their homes.

E. Layoffs, Reduction in Hours and Recall

1. Notice of layoff or reduction in hours:

(a) During the emergency, at least three (3) weeks prior to any layoff, whether temporary or permanent, or any reduction in hours, the Company will notify the Union in writing of its intent to layoff workers or reduce hours. If the Company fails to notify with the Union at least three (3) weeks prior to any layoff or reduction in hours, the Company will pay affected workers three (3) weeks' pay.

(b) The Company will negotiate with the Union in an attempt to avoid any layoffs or reductions in hours. If the parties are unable to reach agreement, the Company will negotiate with the Union an agreement to provide benefits to affected workers in addition to those provided by this Agreement.

(c) Prior to any layoffs, the Company will offer buyouts.

(d) The Company will layoff or reduce the hours of workers in reverse seniority.

(e) For those workers who suffer layoffs or reduced hours, the Company will:

(1) not oppose their application for full or partial unemployment insurance or other government benefits;

(2) permit them to work at another Company without severing employment with the Company; and

(3) not require them to use any leave.

2. Recall: The Company will recall laid off workers by seniority to their previous position with the same rate of pay, hours, and schedule. For workers whose hours the Company reduced, the Company will increase the hours of workers by seniority with the most senior workers working the number of hours they worked before the Company reduced their hours. The Company will increase hours by seniority with the most senior workers first receiving the hours they worked before the reductions.

F. Continuation in Working Conditions and Benefits

1. Employee status: All workers who during the emergency take any leave, or who the Company lays off or whose hours the Company reduces will maintain their status as Company employees.

2. Credit and Seniority: The Company will credit the time such workers are laid off or work reduced hours as having worked their regular, pre-emergency schedules for the purposes of seniority, scheduled increases in wage rates, earning leave, maintaining full-time status, or qualifying for any other benefit or benefit increase under the Agreement.

3. Maintenance: The Company will continue to maintain all benefits for such workers, including but not limited to all health and welfare benefits, pension benefits, and benefits that federal, state or local law requires companies to provide to active employees (for example, paid sick leave and disability benefits).

4. Contributions: The Company will continue to make all contributions that the Agreement requires on behalf of such workers.

5. Government assistance: The Company will take all actions necessary or advisable to advocate for, apply for, or receive government assistance for workers and to make the workplace healthier and safer.

G. Safety and Health

1. Union agreement: During an emergency, before implementing any new or changing any existing policy, procedure or practice related to the safety or health of workers, the Company agrees to provide a copy to the Union, discuss the proposal with the Union and implement it only after the Company and the Union agree on its terms.

2. Written safety and health plan: Upon the existence or threat of an emergency, the Company will develop and implement a written, site-specific safety and health plan to eliminate or reduce the risks of injury, illness or death of workers related to the emergency. The Company will update the plan as needed throughout the emergency. Before finalizing the plan, the Company will meet with and discuss the plan, and all updates, with the Union, and implement or update the plan only after the Company and the Union agree on its terms. The Company will provide current copies of the plan to the Union on request. The plan will:

(a) Establish a joint labor-management safety and health committee to monitor the risks to the health or safety of workers related to the emergency and to make recommendations to the Company on how to reduce the risks. The Company and the Union will each appoint an equal number of the members of the committee. The committee will meet regularly, but no less than once a month, but may be more often should there be a need as the emergency continues.

(b) For each job classification, assess all risks related to the emergency.

(c) Propose methods to reduce the risks related to the emergency which include changes to workplace engineering and work practices. The proposals will prioritize those changes that most effectively reduce risks using the hierarchy of controls, including the use of personal protective equipment (PPE) when other controls do not fully reduce the risk.

(d) Schedule when the Company, the Union, and the committee will inspect the workplace. Every inspection will include persons who are knowledgeable about generally accepted good worker safety and health practices and the methodology of inspections, and at least one worker knowledgeable in the health or safety risks being investigated.

(e) Establish a process for how the Company and the union will investigate incidents, illnesses, injuries and other safety and health risks related to the emergency.

3. Personal Protective Equipment: If the Company and Union jointly assess that PPE will reduce the safety and health risks related to the emergency, this subsection will apply.

(a) The Company will provide all PPE at its own cost.

(b) PPE may include, but not be limited to, respirators, facemasks, gloves, eye protection and hand sanitizer.

(c) The Company will train workers during paid work time how to properly put on, use, take off and dispose of PPE.

(d) The Company will provide workers adequate paid work time to put on, take off, and dispose of PPE.

4. Notification: When the Company learns that any worker may have been either exposed to a hazard or an infectious agent related to the emergency at work or away from work, tests positive for an infectious disease related to the emergency, or otherwise is diagnosed for such an infectious disease, the Company will immediately notify the Union and all workers who may have been exposed to that worker. The notice will include the name of the worker and the workplace locations the infected worker was present in or walked through.

5. Record log: The Company will establish and maintain a log to record all workers who test positive for, diagnosed as having, or exhibiting symptoms of an infectious disease related to the emergency. The log will identify (i) the worker; (ii) the date(s) the worker tested positive, was diagnosed with the disease, or began to exhibit symptoms; (iii) the dates and times the worker was present at the facility; (iv) the work areas where the worker was present in or walked through; and (v) the workers who may have been exposed to that worker.

H. Expedited Arbitration

1. The parties agree to resolve all disputes related to this emergency provision, including all alleged violations of or disputes over the interpretation of this provision, or otherwise related to or affecting workers during an emergency by final and binding expedited arbitration described herein. The parties agree that they will not resolve any such dispute through any other dispute resolution procedure in this Agreement.

2. Party representative: At the outset of the emergency, each party will designate a representative who will attempt to resolve disputes.

3. Arbitrator: At the outset of the emergency, the parties will also select an arbitrator to hear all expedited arbitrations and another arbitrator to hear the arbitration if the first arbitrator is unavailable.
4. Notification: When a party believes there is a dispute covered by this expedited arbitration section, the party's representative will notify the other party's representative of the dispute. The representatives will attempt to resolve the dispute within 48 hours of the notice.
5. Invoking arbitration and scheduling: If the representatives are unable to resolve the dispute, either party may invoke expedited arbitration by requesting in writing or electronically that the arbitrator schedule a hearing on the earliest possible date, but no later than 7 calendar days from the date of the request. If necessary, the hearing may be held by phone, video conference, or some other remote method.
6. Procedures: The arbitrator will determine the procedures of the arbitration consistent with this emergency provision. At either party's request, the parties will orally argue the dispute rather than submit briefs.
7. Arbitrator award and authority: The arbitrator will issue a decision at the conclusion of the hearing, or if the parties file briefs, within 3 or 5 calendar days of the date the briefs are due. The parties agree that the arbitrator has the authority to order remedies in law and equity, including that the breaching party specifically perform its obligations under this provision. The arbitrator may impose a penalty of up to \$10,000 for willful violations. Willful violations are clear violations that the party failed to correct after the parties' representatives attempted to resolve the violation. The arbitrator's award will be final and binding. The parties consent to the entry of any award as the order of judgment of a United States District Court.
8. Fees and costs: The parties will equally share the arbitrator's fees and any costs of the hearing.
