### **Pass 2- 11/4/2024- Package Proposal**

PFMLA: The Parties recognize that while the State of Minnesota's Paid Family Medical Leave Act (PFMLA) will take effect on January 1, 2026, how this law will be administered (i.e., by the State or private insurance carrier) and actual costs associated with this law to employers are unknown. Therefore, the Parties agree that upon at least sixty (60) days prior to January 1, 2026, the parties will meet and confer in an effort to create a mutually agreeable Memorandum of Understanding that addresses the impact of PFMLA under this Agreement. This re-opener only pertains to the negotiation over PFMLA related provisions, and no other provisions of the agreement shall be considered open as a result of such negotiations.

1.6 An employee's status will be reviewed twice annually and will be determined based on the average weekly hours worked over each six month window. This review will exclude hours spent on approved leaves, and will not be performed for those hired or promoted during the review window (i.e., for such individuals, the review will occur after the first full 6 month period worked). In addition, the Company will perform such a review no sooner than six months after ratification of this agreement. **Employees must make themselves available a minimum of 1 shift per week, and the Employer has no obligation to schedule or employ individuals who limit their availability to less than 1 shift per week, as measured over a three-month period.**
