

# LLS's and UFCW's Labor Against Cancer March 17 – March 31

## UFCW Local 1189 Member

**Dean Nelson**, 24 year member of  
UFCW Local 1189

He is a shop steward and an  
Executive Board member.

## We're united in the fight to end cancer.

He was diagnosed with chronic myelocytic leukemia (CML) in June of 2014. He was experiencing terrible night sweats, severe abdominal pain, troubled sleep and difficulty with breathing.

Because of the advancement in therapies, he was in the hospital for only 3 1/2 days. He was back to work in 2 1/2 weeks. Dean said his life was back to normal, finally, in 2 months.

**Please donate today and help save lives because every dollar helps.**

**JOIN THE MOVEMENT**

THE LEUKEMIA & LYMPHOMA SOCIETY • POWERED BY 

# LaborAgainstCancer.org

UFCW 1189 and UFCW 653 and The Leukemia & Lymphoma Society (LLS) are partnering with our Union Employers in the fight to END cancer. Leukemia remains the number one disease killer of children and young adults under the age of 19. We will be running a retail program in support of LLS's and UFCW's Labor Against Cancer initiative March 17th – March 31st. We have set an aggressive goal of \$200,000, and I know our Union members will do everything in our power to meet, or exceed, that goal. The donations from your store can make a difference for this worthwhile cause. Please get the word out to your fellow members, and to the many customers that pass through your doors every day.

Together, we will make a difference.

*Jennifer Christensen*, President UFCW Local 1189
